Sounds great, and thanks much. Best number is 314-241-2496. I'll be in the office at that time.

Regards,

Jim

Jim,

Topic of the conversation will be the upcoming initial survey work to pave the way for Republic Services to construct the isolation barrier at West Lake Landfill—work that will begin next week and, weather permitting, be wrapped up by Thanksgiving.

Karl Brooks will most likely try to reach you at or shortly after 11 a.m. today, if that's OK.  
What's the best number to call?

Greetings Chris. Alan Zagier said you called re an announcement related to the Bridgeton landfill. Thanks for the offer and yes, I'd love to speak with the administrator concerning the development.

If you could send me an email or call with some information beforehand would be much appreciated. I'd like to put a blurb on our internal planner so editors can start deciding if it's a-wire worthy early.

Regards,

Jim
